Jessica Sofia Mitrani *Headpieces for Peace* Thursday, February 27– Saturday, March 22

FIAF's celebration of fashion continues in the Gallery with *Headpieces for Peace* by award-winning, multi-disciplinary artist Jessica Sofia Mitrani.

Originally commissioned by the fashion collective threeASFOUR for their exhibition *Insalaam Inshalom*, presented in Tel Aviv in 2011, *Headpieces for Peace* is a wry examination of fashion and feminism, two themes central to Mitrani's work.

Winner of the 2012 A Shaded View on Fashion Film (ASVOFF) Grand Prix, this short video confronts serious themes in a quirky and humorous way.

For the first time in New York, see this video along with the 11 headpieces made from fabric designed by threeASFOUR.
